

## Healing Prayer

Blessed Trinity, I thank You for loving me, and giving me the Holy Spirit to guide and comfort me, as I'm challenged by physical, emotional, mental or spiritual distress.

You know my daily needs and special intercessions for family, friends, and all who need prayer; hear and answer these prayers.

Heal my heart of the scars of the past, so I can move on in my spiritual journey to you, my Lord.

Help me to place my trust in you alone, taking away all my fears, despite all the turmoil that may be present and confuse me.

When I learn to trust you, I can overcome disappointments and will learn to rely on "your will" be done, not mine.

Let your unconditional love fill my soul and may your love radiate through me, so I in turn, can touch the lives of others.

I know I will never be left alone, as you have promised.

I confidently ask you to take control of my life and I thank you Father. I ask this through Jesus' name, by the Power of the Holy Spirit.

Amen
